

The following clauses should appear in Club Rules:

PURPOSE

The Objects of the Club are to:

- a) foster, expand and perpetuate the practice of target/field/indoor archery in South Australia
- b) promote various types of archery and adopt and enforce uniform rules
- c) abide by and promote regulations, conditions and methods of playing as laid down by Archery Australia
- d) foster the social side of Club life and perpetuate a spirit of good fellowship among all archers.

(These are deemed minimum Objects – Clubs can add whatever other Objects it considers appropriate.)

The following refers to **two** types of Associate Memberships, which Clubs should consider accommodating. Persons who want to be **active** in the Club on more than a casual basis (Associate Member) and those who simply wish to visit the Club from time to time (Associate Member (Visitor)) without having to pay a Visitors' Fee each time they attend.

MEMBERSHIP

1. A person who is a financial member of another Club, may enjoy the privileges of the Club as an **Associate Member**, upon payment of Club fees, at least equal to that of a full Member. Except for not being able to represent the Club in State and National competitions or competitions conducted by or for other Clubs, an Associate Member shall enjoy the same rights and privileges as a Member.
2. A person who is a financial member of another Club, may enjoy the privileges of the Club as a "**Associate Member (Visitor)**" upon payment of Club fees, at least equal to that of a full Member. No Joining Fee shall apply. An Associate Member (Visitor) shall not enjoy the same rights and privileges as a Member.

(There is no reason why an Associate Member should not have a say in the running of the Club – the only things they are not contributing financially are the affiliation fees to Archery Australia and ARCHERY SA, which do not form part of the Club's income anyway.)

The rest of the Rules may deal with (but are not limited to) such issues as:

- the type of equipment able to shot at the Club (e.g. recurve, compound, longbow, crossbow or "all equipment as recognised by Archery Australia")
- times/days for official shoots
- details of rounds for Club Championships
- specification of Club uniform and when it is expected to be worn
- behaviour of members and spectators
- shooting safety

- issuing keys to the Club to individuals
- ability of the Club to prohibit persons (or require archers to cease shooting) considered to be acting irresponsibly/dangerously
- official scorecards protocols
- official scores - when they will be accepted
- responsibilities of members
- starting and break times of shoots
- allocation of targets/groups
- fees for hire of Club equipment or visitors' fees (this may be a phrase to the effect that they "are as set from time to time" to retain flexibility in altering the fees)
- frequency of working bees
- smoking (be aware of the ARCHERY SA Policy as it applies to Clubs)
- payment of fees and levies (as set from time to time)
- new members - details of what they will receive upon joining
- entry in tournaments
- handicap shoots - detailing the way to determine the winner
- a limit on the number of juniors (a Club may choose to limit Junior Membership to not exceed a percentage % of the adult membership – but these days, why would you?)
- control of domestic animals
- rules/procedures for new members:
 - submission of applications
 - coaching course prerequisites
 - persons who have not attended a coaching course will have to satisfy the Coach that they are conversant with the sport, shooting technique and the safety requirements
 - when a person can be considered a member (e.g. from date of payment of fees)
 - notice of approval
 - waiving of visitors fees or hire fees for Club equipment to those who intend joining the Club
 - duties of officers (detail the key responsibilities of each officer)
 - Appendices:
 - Fees schedule, details of Club uniform and anything else considered to change from time to time to avoid the necessity of formally changing the Rules
 - Health policies and messages– alcohol, smoking, drugs, asthma, arthritis, nutrition, heart health, etc

Alternatively, these items could be placed in a Club Policy document or procedure, for review from time to time.
